PREVIEW OF KOREAN PROFESSOR

Greetings

In 1st International Fashion Symposium of the Korean Society for Clothing Industry in Daegu, I was most impressed to see that the great progress recently made in the fashion industry in Korea by rising level of academic research.

I wanted to thank the member professors of this organization for a truly lovely stay in Korea. I very was honoured to participate in the 1st Fashion Symposium in Daegu.

As the world concerns for the fashion industry in the 21st century, this exhibition, Preview of Korean Professor is very meaningful event. The major objective of this exhibition is to sum up the regional experiences accumulated during the decade and share them with participants from Asian and Europe countries/areas as well as from other regions of the world.

I am privileged and honored to invite the member professors of this organization to be held on campus of Polimoda here in Italy, from the 1st to the 3rd of July, 2003.

With your active participation, I am sure that we will make this exhibition, Preview of Korean Professor" a really meaningful and fruitful one.

June 2003

Philip Taylor
Direttore Generale
Polimoda

Greetings

I'm very glad to have an exhibition for the members works of The Korean Society for Clothing Industry at the Polimoda Institute which is a prestigious fashion school.

This is a second overseas exhibition of the Korean Society for Clothing Industry. And, the purpose of exhibition, "Preview of Korean Professor" is one step upgrading Korean fashion to the creative cultural goods and coming out to the world-wide stage.

Since 1998 establishment, our academic society has had close relationship with the fashion schools of many countries through biannual oversea international clothing industrial training. And this invitation exhibition is brought from March 2003

International Fashion Symposium to which Philip Taylor who is the general director of Italy Polimoda Institute was invited. Therefore, this exhibition is held as one of the relationship between our academic society and Polimoda Institute. And this is very good opportunity to inform the beauty of Korean fashion to world and contribute to fashion interchange and growth at 21 century.

Finally, I'm truly thanks to the general director Philip Taylor and Polimoda Institute who gave invitation to us to hold this exhibition.

The background of the page is a light-colored, textured fabric with several pieces of white lace. The lace pieces are arranged in a collage-like fashion, with some overlapping others. The lace patterns include floral motifs, geometric shapes, and intricate dotwork designs. The overall aesthetic is delicate and traditional.
